Worksheet on Jumbled Words and Sentences

1. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. Seismology, a scientific discipline that is concerned with the study of
- B. earthquakes and the propagation of seismic waves within the Earth.
- C. A branch of geophysics, it has provided much information about
- D. the composition and state of the planet's interior.

- a. DBCA
- b. CBDA
- c. ABCD
- d. DCAB

2. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. Contrary to popular belief, white tigers are not a subspecies of tiger,
- B. but rather a Bengal or Siberian tiger with a rare colour mutation
- C. called leucism. It is this recessive gene that causes a lack of
- D. pigmentation in the fur, resulting in its unique white coat.

- a. DBCA
- b. ABCD
- c. BCDA
- d. CBAD

3. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. The only reason these majestic animals are bred in captivity is for
- B. in some cases, are even sold as exotic pets.
- C. status and money—they serve no conservation or educational
- D. entertainers and private clubs for photo opportunities and,
- E. purpose. White tigers are incredibly lucrative, used by

- a. ABCDE
- b. DECBA
- c. CBAED
- d. EDCBA

4. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. being listed on the IUCN Red List. They are endangered because
- B. they are repeatedly captured and bred by trainers who cruelly keep
- C. keep which results in poor health conditions and a high mortality rate.
- D. White tigers are endangered, but not in the traditional sense of
- E. them for entertainment purposes. These white tigers are often inbred,

- a. ABCED
- b. BDACE
- c. DABEC
- d. ABCDE

5. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. Tsunamis are giant waves caused by earthquakes or volcanic eruptions under the sea.
 - B. Out in the depths of the ocean, tsunami waves do not dramatically increase in height.
 - C. But as the waves travel inland, they build up to higher and higher heights as the depth of the ocean decreases.
 - D. The speed of tsunami waves depends on ocean depth rather than the distance from the source of the wave.
-
- a. ABCD
 - b. DBCA
 - c. CBDA
 - d. DABC

6. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. A solar eclipse happens when the Moon passes between the Sun and
 - B. Sun's light in some areas. This only happens occasionally, because
 - C. the Moon doesn't orbit in the exact same plane as the Sun and Earth do.
 - D. which happens twice a year.
 - E. Earth, casting a shadow on Earth that either fully or partially blocks the
 - F. The time when they are aligned is known as eclipse season,
-
- a. CDBAE
 - b. ABCDE
 - c. AEBCFD
 - d. BEDCA

7. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. The Hazard Exposure and Reporting Analytics (HERA) website
 - B. helps communities understand how natural hazards could impact their
 - C. land, people, infrastructure, and livelihoods.
-
- a. ABC
 - b. CAB
 - c. BCA
 - d. BAC

- 8. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:**
- A. depend on coral reefs for food, protection and jobs.
 - B. in the world. Thousands of species rely on reefs
 - C. Coral reefs are some of the most diverse ecosystems
 - D. for survival. Millions of people all over the world also
- a. ABCD
 - b. DBCA
 - c. CBDA
 - d. ADCB
- 9. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:**
- A. Earth, but when it is at or near its farthest point from Earth. Because
 - B. bright disk, creating what looks like a ring around the Moon.
 - C. the Moon is farther away from Earth, it appears smaller than
 - D. the Sun and does not completely cover the Sun. As a result, the Moon
 - E. appears as a dark disk on top of a larger,
 - F. An annular solar eclipse happens when the Moon passes between the Sun and
- a. FACDEB
 - b. BEDFAC
 - c. CAFDBA
 - d. ABCDEF
- 10. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:**
- A. A partial solar eclipse happens when the Moon passes between
 - B. the Sun and Earth but the Sun, Moon, and Earth are not perfectly lined up.
 - C. Only a part of the Sun will appear to be covered, giving it a crescent shape.
 - D. During a total or annular solar eclipse, people outside the area
 - E. covered by the Moon's inner shadow see a partial solar eclipse.
- a. ABCDE
 - b. BACDE
 - c. EBDCA
 - d. ACBED
- 11. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:**
- A. scientists to investigate phenomena and acquire new knowledge.
 - B. conducting experiments, analysing data, and drawing conclusions.
 - C. The scientific method is a systematic approach used by
 - D. It involves making observations, forming hypotheses,
 - E. The scientific method is essential for

F. advancing our understanding of the natural world.

- a. ABCEDF
- b. BCADFE
- c. CADBEF
- d. ACBDFE

12. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. Access to clean water is a fundamental human right,
- B. Factors such as pollution, overuse, and
- C. yet millions of people around the world lack access to safe drinking water and sanitation.
- D. Addressing the water crisis requires sustainable management and conservation efforts.
- E. climate change contributes to water scarcity.

- a. ACBED
- b. BACDE
- c. BCAED
- d. ABCDE

13. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. It helps strengthen muscles,
- B. Regular exercise is essential for maintaining physical and mental health.
- C. Exercise also reduces the risk of chronic diseases such as
- D. improve cardiovascular health, and boost mood.
- E. obesity, diabetes, and heart disease.

- a. ACBED
- b. BADCE
- c. ABCDE
- d. BDCAE

14. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. It is primarily driven by human activities such as
- B. burning fossil fuels, deforestation, and industrial processes.
- C. precipitation patterns, and other atmospheric conditions.
- D. Climate change refers to long-term shifts in temperature,
- E. Climate change poses significant challenges to ecosystems.

- a. ABCDE
- b. CADBE
- c. BADCE
- d. DCABE

15. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. Recycling is the process of converting waste materials into reusable products.
- B. It helps conserve natural resources,
- C. reduce pollution, and save energy.
- D. Commonly recycled materials include
- E. paper, glass, plastic, and metal.
- F. Recycling is an essential practice for sustainable
- G. living and protecting the environment.

- a. ACBEDFG
- b. DABC FE
- c. ABCDEFG
- d. DBAC FE

16. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. The human digestive system is a complex series of
- B. It includes organs such as the mouth,
- C. organs responsible for breaking down food into nutrients
- D. that can be absorbed by the body.
- E. oesophagus, stomach, small intestine, and large intestine.
- F. Each organ plays a specific role in digestion.

- a. ACDBEF
- b. ADCBFE
- c. ADCEFB
- d. ABCDEF

17. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. It is essential for ecosystem stability and resilience.
- B. Biodiversity refers to the variety of life forms present on Earth,
- C. including plants, animals, and microorganisms.
- D. Biodiverse ecosystems are better able to
- E. valuable services such as clean air and water.
- F. withstand environmental changes and provide

- a. ABCDEF
- b. BACDEF
- c. ACDBEF
- d. BCADFE

18. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. The water cycle, also known as the hydrological cycle,
- B. It includes processes such as evaporation,
- C. above, and below the surface of the Earth.
- D. describes the continuous movement of water on,
- E. condensation, precipitation, and runoff.
- F. The water cycle is crucial for maintaining Earth's water balance.

- a. ABCDEF
- b. ADCBEF
- c. BCADFE
- d. BACDFE

19. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. They use this energy to convert carbon dioxide and
- B. algae and some bacteria convert light energy into chemical energy.
- C. Photosynthesis is the process by which green plants,
- D. This process is vital for the survival of most life forms on Earth.
- E. water into glucose and oxygen.

- a. CBAED
- b. BACDE
- c. ABCDE
- d. CDEBA

20. Choose the option that expresses the given jumbled words into a meaningful sentence with the correct sequence of the parts:

- A. Our solar system consists of the Sun and eight planets.
- B. The planets are Mercury, Venus, Earth, Mars,
- C. Jupiter, Saturn, Uranus, and Neptune.
- D. Earth is the only planet known to support life.
- E. The planets revolve around the Sun in elliptical orbits.

- a. ABCED
- b. ACBDE
- c. DEBAC
- d. ABCDE

Answer Key

- | | | | | | | |
|-------|-------|-------|-------|-------|-------|-------|
| 1. c | 2. b | 3. a | 4. c | 5. a | 6. c | 7. a |
| 8. c | 9. a | 10. a | 11. c | 12. a | 13. b | 14. d |
| 15. c | 16. a | 17. d | 18. b | 19. a | 20. d | |
